

## **Sports Premium and PE Spend 2022-23**

<b>1. Summary Information</b>					
School Name	Brookhurst Primary School				
Current Academic Year	2022-23	Previous Spend	£16562.18	Date of most recent Sports review	July 2022
Total Number of Pupils	(Yrs 1-6)			Date for next internal review of this strategy	Sept 2023 (for new indicators and actions)
Total Grant	2022-23	£19530	Previously unspent: £21327	Total Spend 2022-23	£27078.17

Key Indicator 1	The engagement of all pupils in regular physical activity at least 30 minutes per day			
Actions	Summary of objective	Cost	Impact and Evidence	Sustainability
To ensure all children are physically active on a regular basis through a range of P.E. activities.	Provide children with specialist teaching and coaching that will up-level the skills of the children.	EYFS Get Set For Education: £180 Superstar Sports: £5790 Go4Goals: £5795 Tennis and Squash Coaching: £1224 The Competition Finder: £100 Subject Leader Handover: £92 Athletics coach Yr5/6: £625	<p>Staff have stated that the specialist coaching has had a great impact on the children's P.E. skills. This has resulted in the children having increased success at tournaments and in fixtures against other schools. The KS2 football team were runners up in the local schools' football tournament, we won all of our netball fixtures this year and the children performed well in cricket and basketball events. Furthermore, we had a number of pupils who qualified for the Warwickshire athletics finals.</p> <p>There are now more pupils who partake in the lunchtime offerings from Go4Goals and Superstar Sports. Staff have said that a greater number of children are interested in sport now as a result of specialist teaching and greater opportunity to take part in intra and inter school competitions.</p>	Specialist coaching will remain in place next year. After observations and sharing of resources, staff will feel more confident in leading activities themselves.

Key Indicator 2	Broader range of sports activities offered to children			
Actions	Summary of objective	Cost	Impact and Evidence	Sustainability
To increase the available opportunities for children in extracurricular sports.	To increase the number of pupils participating in extracurricular sport.	West End In Schools: £379 MAD Education: £900 Enrich Yoga Yr.1: £1580 Enrich Quidditch Yr.5 and Yr.6: £835 Dance Unit of Work Yr. 4: £29.99 Street Dance teacher Yr.2: £600 Zumba teacher Yr.6: £540 Enrich Yoga: £1200 Yr.1 Fit For Learning: £205.25 Athlete in School: £589 Amazon howlers: £67.44 Bishops Sports Day resources: £88.75 Amazon Sports Day resources: £29.70 CWSSP entries: £1075 Girls' football: £18.70 Cricket overtime: £40.15 Champion School Events: £80 Cluster School Athletics: £60.15 All competition fees: £1505.63	Year 1 really enjoyed yoga which was then offered as a lunchtime club for all year groups. There was a large uptake in the yoga offered at lunchtimes and as a confidence/well-being activity for specific children. Upper key stage 2 children really enjoyed the quidditch day and it linked perfectly with their topic. Street dance for year 2 was successful as it enthused the children. Katie Stainton gave a great assembly at the school and really inspired the children through workshops delivered throughout the day. The children trained specifically for Sports Day and the feedback from children and parents was very positive.	These types of opportunities will result in children having a greater passion for sport and exercise. In particular, the KS1 children showed an increased interest in yoga and dance. All the activities and experiences are likely to be offered to the same year groups next year. The school will also continue to enter the local events that are on offer. Having a professional athlete visit next year will continue to enthuse the children. Sports Day will run in a similar way to this year – parent feedback will be implemented to further enhance the children's experiences.

<b>Key Indicator 3</b>	To increase the confidence of staff teaching P.E.			
<b>Actions</b>	<b>Summary of objective</b>	<b>Cost</b>	<b>Impact and Evidence</b>	<b>Sustainability</b>
To invest in specialist sports teachers	Specialist sports teachers will work alongside school staff to up-level their skills and confidence in teaching P.E.	See Key Indicator 1	Class teachers and support staff have worked alongside Go4Goals which has resulted in improved provision for the children and increased staff confidence in teaching P.E. at a higher a standard. This has also been true with the cricket and athletics coaches that have been employed in key stage 2. Both the children's and staffs' confidence and enjoyment has been heightened.	The school will continue to work with Go4Goals in the future and employ specialist coaches to nurture a love of sport and exercise.

Key Indicator 4	The reduction of behavioural issues at play times			
Actions	Summary of objective	Cost	Impact and Evidence	Sustainability
To improve play time equipment to reduce behaviour issues.	To invest in equipment so that the children are able to partake in sport at an improved level and they have a greater variety of suitable resources at play times.	See Key Indicator 1 for sports coaches. Bishops Sports Autumn Term: £330.85 Bishops Sports Spring: £49.10 ESPO skipping set: £43.65 ESPO playtime resources: : £459.25	There have been far fewer behaviour issues at play times as the children have had more equipment to entertain themselves, both on the playgrounds and on the field. The specialist coaches have started to set up play time leaders which has given older children more responsibility and engaged the younger children too. The children are enjoying the range of activities on offer and more children are engaged in exercise than previously.	With a reconfiguration of the P.E. cupboard, the play time equipment can be separated from lesson equipment. Specialist coaches for Go4Goals and Superstar Sports will continue to up-level staff and children. Coaches will build on issues from this year e.g. improving behaviour during lunchtime football matches which will result in less time spent by class teachers dealing with lunchtime issues.

Key Indicator 5	To increase confidence in water			
Actions	Summary of objective	Cost	Impact and Evidence	Sustainability
To increase water skills and confidence.	Year 3 to have up to three terms of swimming coaching this year.	Unpaid catch up swimming sessions summer term: £1299.59 Everyone Active -catch up swimming sessions: £554.40 Autumn and Spring term swimming sessions: £928.97 Transport for swimming Jan 2023: £80 Transport for swimming Feb 2023: £80 Swimming Autumn22/Spring 23: £265.42 Catch up swimming 23: £862.81	The majority of year 3 pupils have now secured their 25m distance award and have proven they're safe in water. Other key stage 2 children, who have taken part in catch up sessions, have developed their swimming skills too meaning fewer children will need catch up sessions next year. There has been a large number of key stage 2 children taking part in catch up sessions but this is likely a result of swimming sessions missed during the pandemic.	Year 3 will continue to be the year group prioritised for swimming sessions. Older children, who haven't shown they can swim 25m and are safe in water, will continue to be offered supplementary lessons. Next academic year, we will look into having a swimming pool on site for the years 2024-2025.
