

Calling all Chefs!

Would you like to join in our Design and Technology cooking competition?

If so then over half term you will need to create a healthy meal for an athlete who is preparing for the Commonwealth games in Glasgow 2014.

The meal should reflect the local produce of your chosen country or region but be one that can be recreated in school.

Your entry should give a list of ingredients, the preparation details and a photograph of your meal.

A number of winning entries will be chosen depending on the level of entries. A group of participating children will then have the opportunity to make and eat the winning meals.

The meals will be judged on; use of local produce, how healthy they are and of course how tasty!

So aprons on...and start cooking!

Please return your entries to Mrs McKechnie by Friday 6th June

If there are any parents willing to take part in the judging and cooking process please see Mrs McKechnie.
