

On Monday 7th March Mr Talbot visited Year 4 to show the pupils how to use Lego Mindstorms. Year 4 created robots, then programmed them to battle with each other. The whole effect was reminiscent of Robot Wars, and the children learned a lot.

George and Kavi were the winners in 4S and Toby and Jess were the winners in 4G.

The day was made possible due to our involvement with the Lego Innovation scheme thanks to a generous donation from the BSA.

Mrs Snatt & Mr Gimes
