Spaces
Available

At Caterpillar Nursery you can be sure your child will be safe, happy and have lots of fun whilst in the hands of a highly qualified Early Years team.

Providing an environment of warmth, challenge and encouragement with a special partnership with Brookhurst Primary School, Caterpillar Nursery offers a safe bridge for children to dip their toes into mainstream education.

As a small preschool with a big heart and a great reputation, nursery places can fill up quickly and so we encourage all our families to come for a visit as soon as possible to ensure we can reserve a place for your little one.
